

CONTENTS

- 59 Iryna Rusyn, Vasil Dyachok**
Bioelectric parameters of *Pinus silvestris* forest ecosystems
- 64 Ihor Petrushka, Oksana Bratus, Kateryna Petrushka**
Features of adsorption processes
for wastewater treatment from zinc ions
- 69 Serhii Yurasov, Viktoriia Kuzmina, Vitalii Karaulov**
Irrigative assessment of Sasyk water quality
- 78 Serhiy Orel, Vadim Durach, Bohdan Sjoma**
Requirements for the environmental protection officer
of the Ukrainian armed forces in view of NATO guidance documents
- 84 Viktor Vasiichuk, Nataliya Vytrykush**
Life and scientific priorities of professor Oleg Nahursky
- 88 Myroslav Malovanyy, Nataliia Bohach**
Russian armed aggression against Ukraine – the impact
on the environment of the temporarily occupied territories
- 93 Liubov Poberezhna, Khrystyna Karavanovych, Iryna Krekhovetska**
Dendroindication
of petroleum soil contamination
- 102 Liubomyr Poberezhny, Khrystyna Karavanovych, Volodymyr Chupa, Rostyslav Rybaruk**
Increasing the level of environmental safety
of drilling sludge storages
- 110 Ihor Mitin, Diana Kindzera, Volodymyr Atamanyuk**
Application of slag from thermal power plant
for the production of porous filler
- 117 Marianna Havryshko, Olena Popovych, Halyna Yaremko**
Experimental research of parameters
of industrial waters of canning plant
and bakery. Analysis of treatment technologies
